The drug war database that speaks against itself:

Cocaine trafficking in the Western Hemisphere ‘Transit Zone’

Dr. Kendra McSweeney
Ohio State University, Geography

Dr. McSweeney has received grants from NSF, NGS, and the Open Society Foundations, Global Drug Policy Program (among others) for research on the connections between drug trade and deforestation in central America and Appalachia and investigation of the resilience of Honduran Indigenous communities in the context of climate change.

3rd Annual LACLS Distinguished Lecture
Wednesday, Feb. 12th, 4:30pm
Young Library Auditorium.
